

**WE'RE ALL ABOUT  
GETTING THE  
CHEMISTRY RIGHT**

**PRAKASH TRADING CORPORATION**  
CHEMICALS & POLYMERS

## PROFILE

In 1979, visionary founder Prakash Parekh started a humble venture of supplying food chemicals, additives and allied raw material for the food industry.

After decades of serving the needs of India's leading food industry giants as leading importer-sole distributor for a diverse range of food chemicals, Prakash Trading Corporation has now successfully diversified into Industrial Chemicals.

Chaperoned by the younger generation and driven by its passion of scouring the globe to source the best of chemicals and polymers for Indian industry, Prakash Trading Corporation is poised to assume leading position as importer-distributor in the industrial chemicals domain as well.

As an organization, whose product portfolio encompasses an exhaustive list of key chemical ingredients for sectors as diverse as Pharmaceuticals, Agrochemicals, Cosmetics, Printing & Paper, Plastics, Building materials and Soaps & detergents to name a few, besides its flagship presence in Food & Beverages industry, Prakash Trading Corporation has emerged as a reliable one-stop sourcing destination for leading industrial players in India today.

Industry thrives on quality and consistency. We know this and thus, we excel in putting the finest mix of raw material at our client's disposal.

## ACIDS

- Acetic Acid
- Citric Acid
- Formic Acid
- L+ Tartaric Acid
- Phosphoric Acid

## ALCOHOLS

- Iso Propyl Alcohol
- Phenol

## AMINES

- Acrylamide
- Diethanoamine
- Melamine
- Monoethanolamine
- Triethanolamine

## ANHYDRIDES

- Maleic Anhydride
- Phthalic Anhydride

## AROMATICS

- Mixed Xylene
- Toulene

## PRODUCT RANGE

### CHLORINATED

#### SOLVENTS

- Chloroform
- Methylene Chloride

### CYANIDES

- Acetonitrile
- Acrylonitrile

### ESTERS

- Ethyl Acetate

### GLYCOLS

- Diethylene Glycol
- Propylene Glycol
- Caustic Potash
- Caustic Soda Flakes
- Potassium Carbonate
- Soda Ash Light
- Sodium Bi Carbonate

### INTERMEDIATES

- Bisphenol A
- Dimethyl Formamide
- Dimethyl Sulfoxide

- Pentaerythritol

### KETONES

- Acetone
- Cyclohexanone

### MONOMERS

- Acrylic Acid
- Styrene
- Butyl Acrylate
- Ethyl Acrylate
- Meth Acrylic Acid
- Methyl Acrylate
- Methyl Methacrylate
- Vinyl Acetate Monomer

### OLEO CHEMICALS

- Glycerine

### OTHERS

- Cyanuric Chloride
- Dicyandiamide
- Gum Rosin
- Monosodium Glutamate

### PRODUCT RANGE

- Paraformaldehyde
- Sodium Hydro Sulphite
- Sodium Sulphide (Yellow Flakes)
- Titanium Dioxide

### PETROCHEMICALS

- Bitumen

### PHOSPHATES

- Sodium Hexa Meta Phosphate
- Sodium Tripolyphosphate

### PLASTICISERS

- Di-Octyl Phthalate

### POLYMERS

- Higher Density Polyethylene
- Liner Lower Density Polyethylene
- Poly Vinyl Chloride

### WAXES

- Paraffin wax

## INFRASTRUCTURE

The company operates out of a centrally located HO in Mumbai, extremely close to the port and key logistics centres. To help facilitate quick and systematic dispersal of products across the length and breadth of India, it owns two sprawling and well-equipped warehouses in Bhiwandi, the logistics hub of Mumbai. Thus, with the most strategic location, excellent supply chain and professionally managed operations in the commercial capital of the country, Prakash Trading Corporation enjoys a formidable edge – when it comes to ensuring an unfettered, seamless supply and distribution of a vast range of chemicals and allied products to its clients.

A solid repertoire, quality-tested products, consistent supply and dependable service are the hallmarks, which make Prakash Trading Corporation a clear winner, when it comes to major industrial players looking for the right sourcing partner for vital chemical ingredients.

No wonder then, Prakash Trading Corporation is rising in the ranks as one of the fastest growing chemical sourcing house amongst leading industrial giants across the country today.

## QUALITY & STRENGTHS

As a company specializing in trade, imports and distribution of Industrial Chemicals and Polymers, Prakash Trading Corporation is capable of serving bulk needs of bulk clients and large industrial players in almost every sector. Sticklers for quality, all our products are backed by COAs (Certificates of Analysis) from the leading national & international labs, thus standing testimony to high quality standards of our vendors.

The company enjoys strong relations with international partners in the domain of Polymers and is fully equipped to offers indents for a range of products like PVC, MSG, Citric Acid, Soldium Sulphide, DMSO amongst others.

With a firm grip on international sourcing, imports and nationwide distribution network, Prakash Trading Corporation is completely equipped to serve the needs of big industry houses and industrial leaders in virtually every sector.
